Profile

As a recent graduate with a strong passion for web development, I am eager to embark on a career as a full-stack developer. I specialize in using MongoDB and Node.js to build scalable and efficient web applications. I am enthusiastic about learning new technologies and collaborating with cross-functional teams to create innovative solutions.

Skills

Tools and platform

Github, Vs Code, My SQL

Soft Skills

Communication , Interpersonal ,Organaisation ,Leadrship

Courses

Full Stack Web Development Internship Program

I have just finished a Full Stack Development course offered by Edureka. This program has provided me with a base, in web development technologies and hands on practice, in creating full stack web applications. Throughout the training I gained proficiency in vital skills, such as HTML5,CSS3,Bootstrap,Javascript,React,Node.js and MongoDB

Certificates

- Cryptography and Network Security
- TCS NQT-IT
- Javascript

Projects

Netflix Clone Development

- Developed a Netflix clone from scratch, focusing on user interface design and user experience.
- Implemented dynamic content loading using JavaScript to simulate real-time data updates.
- Ensured a seamless and user-friendly browsing experience through intuitive navigation and interactive features.
- Proficiency in HTML, CSS, and JavaScript.Responsive web design techniques.

Zomato Clone - Full Stack Development

- Developed a Zomato clone with a user-friendly interface, allowing users to browse restaurants, view menus, and place food orders.
- Full-stack development proficiency, encompassing both front-end (React) and back-end (Express, Node.js, MongoDB) technologies.
- Responsive web design techniques using HTML, CSS, and JavaScript.RESTful API design and implementation.Data modeling and management with MongoDB.Real-time features and notifications.
- Implemented a robust back-end system to manage user accounts, restaurant data, and order processing.

Personal Portfolio Website

- Designed an eye-catching homepage with a brief introduction and a call-to-action
- Showcased a portfolio of projects with descriptions, images, and links to project repositories or live demos.
- Highlighted technical skills, software proficiencies, and certifications.
- Proficiency in Full Stack web development using HTML, CSS, and JavaScript,React.js,Express.js,Node.js and MongoDB

Education

Bachelor of Engineering (Electronics and Communication)
